

FABRONIX

— INDIA PVT. LTD. —

PRECISION FABRICATION | AUTOMATION | EXCELLENCE

COMPANY PROFILE

COMPLETE FABRICATION SOLUTIONS

ABOUT US

Fabronix India Pvt. Ltd. is a trusted name in the fabrication industry, providing end-to-end fabrication solutions with a commitment to precision, reliability, and quality. We specialize in custom fabrication, structural works, sheet metal fabrication, machine frames, industrial assemblies, and automation-integrated fabrication solutions.

Backed by skilled professionals, advanced machinery, and a customer-first approach, we deliver solutions that meet the highest standards of accuracy, durability, and performance. Our focus on timely delivery and consistent quality has earned us the trust of clients across diverse industries.

OUR VISION

To be a trusted partner in precision fabrication and industrial solutions, driving progress with quality and innovation.

OUR MISSION

To deliver strong, accurate, and high-quality fabrication solutions tailored to customer needs, on time, every time.

QUALITY

We deliver superior craftsmanship with uncompromised quality in every project.

PRECISION

Advanced technology and skilled execution ensure accuracy in every detail.

TIMELY DELIVERY

We value time and ensure projects are completed as committed.

CUSTOM SOLUTIONS

Tailored fabrication solutions that meet unique requirements with flexibility.

SAFETY

Committed to a safe working environment for our team and our clients.

EXCELLENCE

Continuous improvement drives us to exceed expectations and build lasting partnerships.

OUR CORE SERVICES

End-to-end fabrication solutions engineered for strength, precision and performance.

01

ELECTRICAL PANEL FABRICATION

Custom-built electrical control panels for reliable power distribution and automation.

02

MACHINE CANOPY

Robust machine enclosures and canopies for operator safety and protection.

03

CONTAINER FABRICATION

Custom-fabricated containers and enclosures for industrial applications.

04

SHEET METAL FABRICATION

High-quality sheet metal parts with accurate finishing.

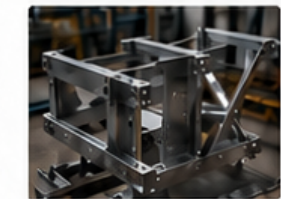

05

CUSTOM FABRICATION

Tailored fabrication solutions to meet unique requirements.

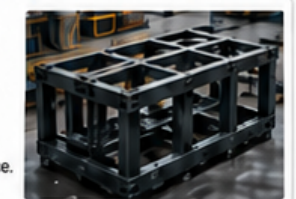

06

MACHINE FRAME FABRICATION

Rigid and reliable machine frames for optimal performance.

07

WELDING & ASSEMBLY

Expert welding and assembly for durable, leak-proof joints.

08

INDUSTRIAL PLATFORMS & RAILINGS

Safe, strong and compliant platforms and railings.

09

TANKS, HOPPERS & DUCTING

Fabricated tanks, hoppers and ducts for industrial applications.

10

MEDICAL FURNITURE FABRICATION

Fabrication of hospital beds, trolleys and custom medical support products.

11

AUTOMATION-INTEGRATED FABRICATION

Fabrication solutions designed to integrate with automation and robotics.

12

FABRICATION AS PER DRAWING

Manufactured strictly as per client drawings and specifications.

CUSTOM PANEL, ENCLOSURE & BOX FABRICATION

Versatile fabrication solutions for industrial panel boxes, enclosures, cabinets, and custom sheet-metal housings.

WHAT WE FABRICATE

MCC PANEL BOXES

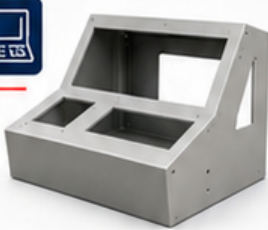

CONTROL PANEL ENCLOSURES

MACHINE PANELS

JUNCTION BOXES

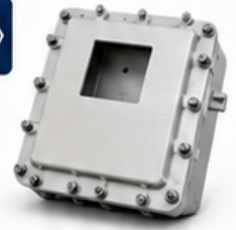

OPERATOR CONSOLES

TERMINAL BOXES

OUTDOOR CABINETS

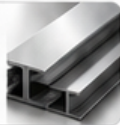

FLP BOXES
(FLAMEPROOF / EXPLOSIONPROOF)

MATERIAL RANGE

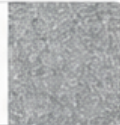

MS
POWDER
COATED

SS 304 /
SS 316

GI

ALUMINIUM

PROTECTION & APPLICATION

INDOOR

Designed for safe indoor operations.

OUTDOOR

Built to withstand harsh outdoor conditions.

DUST PROTECTION

Protects internal components from dust and dirt.

WATER PROTECTION

Resistant to water splashes and heavy washdown.

CORROSION RESISTANCE

Superior finish for longer service life.

HAZARDOUS AREA REQUIREMENTS

FLP / Ex-compliant solutions available.

IP PROTECTION OPTIONS

IP54

Dust protected. Protected against water splashes.

IP55

Dust protected. Protected against water jets.

IP65

Dust tight. Protected against low pressure jets.

IP66

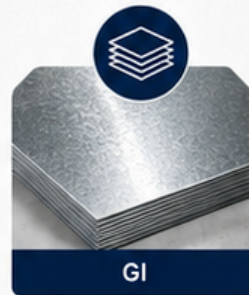

Dust tight. Protected against powerful jets.

IP67

Dust tight. Protected against temporary immersion.

MATERIALS WE WORK WITH

CAPABILITIES & FACILITIES

CUTTING

Precision cutting with advanced CNC & laser technology.

WELDING

Skilled welding across MIG, TIG, ARC & spot welding processes.

DRILLING

High-accuracy drilling to meet critical specifications.

BENDING

CNC & press brake bending for consistent results.

GRINDING

Surface preparation and finishing with precision grinding.

ASSEMBLY

Expert assembly for strong, reliable, and fit-for-purpose output.

FINISHING

Finishing solutions including polishing, coating & protective treatment.

DRAWING-BASED FABRICATION

100% drawing-based fabrication ensuring accuracy and repeatability.

We believe the right result starts with the right choice.
Materials and processes are carefully selected based on application requirements and customer specifications to deliver safe, durable, and cost-effective solutions.

INDUSTRIES WE SERVE

Fabronix India Pvt. Ltd. supports a wide range of industrial sectors with custom fabrication and engineered metal solutions. Our commitment to precision, quality, and timely delivery enables us to be a trusted partner in powering industries and building a stronger tomorrow.

MANUFACTURING

Supporting diverse manufacturing units with high-precision fabrication and component solutions.

AUTOMATION & MACHINE BUILDING

Custom-built machine frames, enclosures, and sub-assemblies for automation systems.

ENGINEERING & INDUSTRIAL PROJECTS

Delivering reliable fabrication solutions for turnkey projects and industrial installations.

FOOD PROCESSING

Hygienic and durable fabrication for food processing equipment and handling systems.

PHARMACEUTICAL

Precision-fabricated equipment and components for pharma manufacturing facilities.

CHEMICAL

Corrosion-resistant fabrication for process equipment, tanks, and piping systems.

PACKAGING

Fabricated structures and machines that enhance packaging efficiency and reliability.

WAREHOUSING & LOGISTICS

Racking systems, storage structures, and material handling equipment built to last.

INFRASTRUCTURE & CONSTRUCTION

Structural steel fabrication and support systems for infrastructure and construction projects.

GENERAL INDUSTRIAL APPLICATIONS

Versatile fabrication solutions for a wide range of industrial requirements.

1. QUALITY & SAFETY

- ✓ We ensure **dimensional accuracy** and consistency across all operations through precision equipment and skilled workmanship.
- ✓ **Welding quality** is maintained as per international standards with qualified welders and proven procedures.
- ✓ Every project undergoes **rigorous inspection** at key stages to guarantee reliability and performance.
- ✓ **Finishing checks** ensure superior surface quality, clean edges, and perfect final fit.
- ✓ We follow strict **safety protocols** and promote a culture of safe working for our people, partners, and every project.
- ✓ Committed to quality, safety, and **on-time delivery** in every commitment we make.

2. OUR WORK PROCESS

WHY CHOOSE FABRONIX

At Fabronix, we combine precision, innovation, and industrial expertise to deliver fabrication solutions that drive performance and long-term value. Our commitment to quality, timely delivery, and customer satisfaction sets us apart.

PRECISION WORKMANSHIP

High-accuracy fabrication with attention to every detail.

CUSTOM FABRICATION SOLUTIONS

Tailored designs and builds to meet your unique project needs.

STRONG ENGINEERING APPROACH

Driven by engineering expertise, innovation, and practical know-how.

TIMELY PROJECT EXECUTION

Efficient planning and streamlined processes to deliver on time, every time.

QUALITY-FOCUSED PROCESS

Strict quality standards at every stage ensure reliable and durable results.

RELIABLE SUPPORT

Responsive communication and dependable support throughout your journey.

INDUSTRIAL EXPERIENCE

Years of hands-on experience across diverse industries and applications.

END-TO-END FABRICATION CAPABILITY

From concept and design to fabrication, assembly, and delivery – all under one roof.

“ We don't just build structures, we build trust. With a focus on quality, flexibility, and customer commitment, Fabronix stands as your reliable partner in turning ideas into durable, high-performance solutions.

Let's Build with Precision

Your Trusted Partner for Precision Fabrication, Automation, and Excellence.

At Fabronix India Pvt. Ltd., we combine engineering expertise, advanced technology, and unmatched craftsmanship to deliver solutions that drive performance and growth.

Have a project in mind? Let's collaborate.

Connect with us today for custom fabrication requirements, structural works, machine frames, and complete industrial solutions tailored to your needs.
